

## 2025–26 Overview Schedule

### Virginia Tech Internship in Nutrition and Dietetics

Interns attend class meetings on Mondays. Additional class meetings are scheduled during orientation blocks (Aug 20–Sep 5 and Jan 5–9). Interns generally report to rotation sites Tuesday through Friday. On-campus class meeting dates TBD in Aug for fall semester and in Jan for spring semester.

Week of:	Monday	Tuesday	Wednesday	Thursday	Friday
Aug 18	Some of you will have site orientation requirements these days (Zoom or onsite)		orientation class meeting (Zoom)	orientation class meeting (Zoom)	orientation class meeting (Zoom)

Apr 13	class meeting				
Apr 20*	class meeting		Rotations may end April 24 for some interns. (see elective option)		
Apr 27	class meeting		OMALS interns: rotations may end May 1 (see elective option)		

\*During the weeks noted with an asterisk, OMALS interns work in their rotation sites for only three days. One day these weeks is reserved for asynchronous OMALS coursework. The director schedules these days in advance with preceptors.

#### Scheduling Notes:

- Elective option - Interns may schedule up to a 2-week elective experience to occur after the required rotations.
- Supplementary days will be added as needed to meet unmet competencies and/or supervised practice hours.
- OMALS interns will complete approximately one extra week of rotations in both the fall and spring semester to account for the days scheduled for asynchronous graduate coursework.
- The final day of spring rotations for OMALS interns may be impacted by the scope of their Project and Report.

OMALS interns will be eligible to take the RDN exam when their graduate degree has been conferred (likely Aug 19).
